

Summer Session-1

Summer Session

Summer Session opportunities include an intensive three-week Maymester, a five-week session in June through early July, and both a five- and a six-week session from early July to mid August. For complete dates, course listings, and other information see the [Summer Session website](#).

Summer Session courses may be used by students at The College of New Jersey to meet their degree requirements, and they also are regularly transferred to many other colleges and universities. However, visiting students expecting to transfer summer credit to other institutions should secure, in advance, approval of their course selection from the institution to which they wish to transfer credit.

Although most Summer Session offerings are courses regularly offered at The College of New Jersey, there also are opportunities distinctive to Summer Session including special study-abroad opportunities.
