

** The Class of 2008 is the first graduating class of the newly formed School of Nursing, Health & Exercise Science. Due to the school realignment this data is incomparable with the data from previous classes.*

***All percentages are rounded to the nearest full point; therefore, they may not add to 100%.*

Class of 2008-School of Nursing, Health & Exercise Science

A total of 142 School of Nursing, Health & Exercise Science graduates awarded baccalaureate degrees in August 2007, December 2007, and May 2008. 76 (54%) graduates responded to the survey. In an effort to increase the accuracy of our post-graduation activity data, Institutional Research provided additional graduate school attendance information secured through the Student Loan Clearinghouse, which resulted in our learning the post-graduation activities of an additional 11 (7%) graduates.

POST GRADUATION ACTIVITY

Graduate School Attendance

A total of 18 (23%) of those who *responded* indicated that they attended graduate school immediately after graduation.

Employment

73 (96%) respondents indicated they were either working *and/or* attending graduate school in the first year after graduation.

A total of 63 (83%) graduates indicated they are employed. Their employment status is as follows:

57 (75%) indicated they were employed full time

6 (8%) indicated they were employed part time

8 (11%) indicated they were employed and in graduate school.

10 (13%) indicated they were unemployed, but were attending graduate school.

3 (4%) indicated they were both unemployed and not attending graduate school.

Average Salaries

44 (77%) respondents who were employed full time provided salary information.

All salary information is calculated using the actual salary the respondent provided or the median of the salary range selected by the respondent. Respondents that indicated their salaries fell below \$19,999 or above \$69,999 and did not include a precise amount were excluded from the calculations.

The mean reported salary for the respondents that met the above criteria is \$51,934. Salaries ranged from a low of \$22,500 to a high of \$70,000. 11% of the School of Nursing, Health & Exercise Science respondents indicated they had salaries over \$70,000; however they did not indicate the amount, so they were not calculated in the average salaries. The salary ranges will be adjusted for the Class of 2009 to allow for a more accurate depiction of School of Nursing, Health & Exercise Science salaries.

Fields of Employment

Students pursue occupations in a variety of career fields. 56 (74%) respondents that answered this item regarding employment fields are employed as follows: (Respondents were permitted to select multiple fields.)
