

# SAVING AS A WEBSITE

1. Save your story first.
2. Choose Save As Web Document (file menu)
3. This message will tell you where the web documents have been sent

1. You will see a folder in this location with the title of your story.
  - a. You can send this folder to the location of your webpage or to your webmaster

2. If you open the folder, you will see your pages and images that will be used to send to the website.

- a. Double-click the "title page" to see what your story will look like when published.
