# Goals for Training

---

- Review of WYNN's tools
- New Features in WYNN 4
- How you can get more help

## New in WYNN 4!

---

- Changes to settings save *automatically*
- AT&T Natural Voices™ or ViaVoice Outloud™
- Key learning features in Exact View
- Homophones & Spell Check as you Type for writing
- Additional support for cleaning up scanned documents
- MP3 Conversion
- Updated technology throughout program

# Review of Basic Interface

---

- Same easy user interface you've come to know (and love)

- **Blue:** File Management Tool Bar  
added Doc Clean-up button

- **Green:** Reading Options Tool Bar

- **Pink:** Study Tools Tool Bar

- **Yellow:** Writing Tool Bar  
added Homophone support

- Updated Educational Benefits document show new buttons

# Read it Your Way

- The best thing going for addressing visual processing difficulties
- Customize look and sound of WYNN for each user
- Address visual and auditory processing difficulties
- Ease-of-use provides independence, control, and motivation

# Via Voice or AT&T Speech

---

- WYNN ships with ViaVoice and 3 AT&T voices
  - Crystal (female), Mike (male), Rosa (Spanish)
  - ViaVoice is factory default
  - AT&T voices ship on separate CDs; must be installed to work ☺
- Go to **Settings, Retrieve Settings** to choose AT&T
- Option to Save as logged-in user's default
- Go to **Speech Settings** for additional options

# User Settings Save Automatically

---

- Changes to visual and auditory settings are applied and saved instantly
- Changes to web homepage are saved automatically
- No longer necessary to “save as default”
- WYNN will look and sound the same as you last left it
- Each user will be able to read using their preferred settings

# Learn, Study, Comprehend, Retain

*Look! Are your students using these tools??*

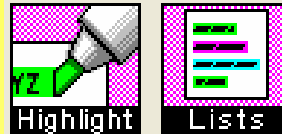

- Learn vocabulary
- Isolate key information
- Insert notes in context
- Tie in to established strategies like SQ3R
- Create an *active* learning environment

## Use Study Tools in *Either* View

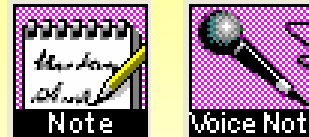

---

- Highlight pens/List

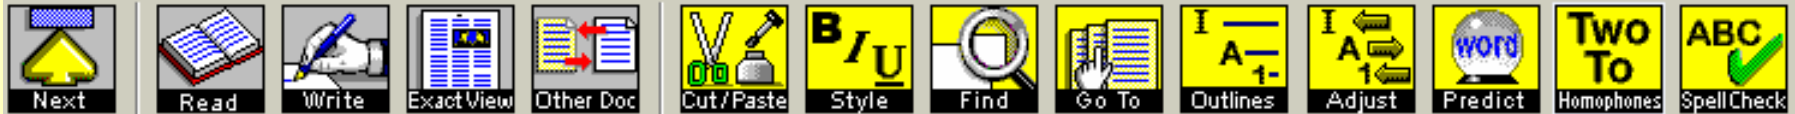

- highlight vocabulary, headings, key points from either view
- Highlights will be visible in either view
- Extract Highlighted text from either view into a separate document
- Print Highlights from Text View

- Text Notes and Voice Notes

- Insert Text Notes and Voice Notes in either view
- Notes created in one view will be available in the other
- A single icon will appear in Exact View when multiple notes are present in the same location; right mouse click on the icon to see a list of all notes

# Tools to Support Writing

- Auditory feedback and visual enhancements
- Word prediction to help with spelling
-  • Spell Check as You Type
-  • Homophone support
- Outlining for organization
- Export to Word or copy into other email

# Homophone Support

(on Yellow Tool Bar)

---

- Flags each word that is a homophone (sounds alike)
- Option to spell homophones
- See the sentence that contains the homophone
- See a definition to determine which is correct word in context
- Option to replace the incorrect word with the correct word

# Spell Chek as You Type

---

- Turn on from the **Tools** menu or *Shift-Ctrl F7*
- Flags misspelled words in blue
- Assists the student to identify and correct spelling errors during the actual writing process
- Right click on the word to view and select alternatives

# Dynamic Zoning

*Use Dynamic Zoning to define the reading order of a scanned page or to define areas of the page not to be spoken.*

- Dynamic Zoning now has its own tool bar with buttons that guide you through the process of rezoning a page
- Enter Dynamic Zoning from the Advanced menu or *Ctrl-F5*
- See a tip sheet on Dynamic Zoning at <http://www.freedomscientific.com/lsg/tipsheets/>

# Document Clean-Up

---

*Use Clean-up to see a split screen of the Exact View (original image) and Text View (electronic text view)*

- Clean-up button now available from blue, File Management tool bar
- Use Clean-up to see OCR errors in Text View and make corrections
- Use Clean-up to reference original page while working with text in preferred size and spacing

## Convert to Audio (MP3)

---

*Convert to MP3 format for listening on any MP3 player (including the Apple iPod™)*

- **File** menu, Save to Audio
- Saves in your folder in WYNN User Files
- Copy to MP3 directory

# Updated Technology

---

- Freedom Import Printer now imports in color
- New version of Wordsmyth dictionary – more definitions
- Updated Word Prediction – faster loading, new topic dictionaries
- FineReader 7 - even more accurate recognition

# Support Materials

---

- On-line *Help*; complete manual on WYNN disk
  - *Teacher and Student exercises included*
- Educational Benefits (purple fold-out)
- Quick Start “Intro to WYNN”
- Single-page tip sheets (available on website)
- WYNN Training Module CD (\$25.00)
- GoToMeeting sessions customized to your needs

## Summary

---

- AT&T Natural Voices™ or ViaVoice Outloud™
- Key Learning Features now Available in Exact View
- Added Writing Support
- Additional Support for Scanned Documents
- MP3 Conversion – Take your documents on the go
- Still Easy with *Loads More Power*
