

the second, third, or fourth years (preferably the second or third year). Since PAWS will not permit you to register for more than 18 credits (4.5 units), your advisor will be making a list of students who wish to take five (5) courses during the Spring, 2010 semester – Dr. Cohen will arrange for you to have permission to be registered for five courses, provided you have the required 3.3 Cumulative GPA.

Fourth Year students must take the graduate courses SPED 626 and SPED 522; to do this, you must have a GPA of at least a 3.0. Fourth Year students will automatically be registered for SPED 664 in the Summer of 2010 and for the appropriate Fall, 2010 graduate classes, once your undergraduate degree has been posted in May, 2010.

Internal Transfer students should attend the advising session for Second Year Students. Transfer students who are “on track” with a given class (e.g. Third Year) should come to the registration session for that cohort.

Second Year Students

Advisor: Dr. Rotter (with Dr. Cohen)

Wednesday, October 28, 1:00 – 2:15 p.m. in FH 348

During the Spring, 2010 semester, students MUST take the following courses:

Liberal Learning course, Elective

The Above Spring '10 Registration Information

Can be Found on the Web at:

www.tcnj.edu/specialed

(Click on Special Education on Left Panel)

Note: All students are expected to attend the appropriate group advising session. Important scheduling information will be discussed. Attendance is mandatory and no individual advising appointments will be scheduled prior to the group advising sessions. Individual advising sessions can be scheduled, if needed, with your advisor subsequent to the group advising sessions. Please adjust work schedules and other commitments to permit your participation. Registration Hold Flags may be placed on students not attending registration sessions.
