Research Participant PIPER Participation Record

To ensure accurate accounting of your PIPER participation, bring this sheet to each one of your PIPER sessions and ask the researcher to sign the form when you complete the study. This form will function as your receipt for PIPER participation. Although the researchers should credit your account and resolve any problems, it is ultimately your responsibility to verify your participation. This sheet is one way to accomplish this goal, and it may help you resolve a credit problem.

Research Participant Name: _____

Appointment Date	Appointment Time	Study Name	PIPER credits earned	Researcher Signature
___/____/____	_____:_____			
___/____/____	_____:_____			
___/____/____	_____:_____
