Valedictory Remarks
October 2, 2003**

- Opted not to serve another term based on longevity as a college trustee.
- This is my last meeting as a trustee.
- I'd like to take this opportunity for valedictory remarks.
- The theme for my remarks is a series of thank you's.

To the full Board of Trustees, past and present – thank you for the opportunity to work with such a dedicated group of people committed to higher education. Thanks for your individual cooperation and supporting my role as your elected chairman.

To the officers and staff of the institution who operate the college on a day-to-day basis. All of you do so much to make the role of this Board so easy.

To the entire TCNJ community

- students, faculty, staff people at all levels – for making my tenure such a pleasant experience. It is an honor to be associated with TCNJ because of you.

At high risk of not including everyone I'd like to list a few people by name.

- Trustee Bob Gladstone, who got me involved in various leadership positions on the Board which enabled me to make some contribution.
- President R. Barbara Gitenstein, who made me and the presidential search committee look so good in our recommendation to the Board of Trustees. We have come a long way since our initial phone call one Friday evening in the summer of 1998. Based on our great association I know this will continue with new Board leadership.
- Finally, a very special thank you to Heather Fehn, not only for outstanding service to the BOT but the many, many ways she has supported me. TCNJ is fortunate to have Heather as an alumna and a staff member. She is an excellent example of what this college produces.

In conclusion, I hope you get the impression that I am truly grateful to all for the opportunity to serve. It has been labor with great love. My only regret is that I did not get to establish the alma mater as a “thing” to do here.

I have every confidence that this Board and institution will continue to prosper under the dedicated leadership of Pat Rado and Bob Gladstone. I wish all the very best. I'm done.
